Service Facilitation provided for both children and adults.

We provide Service Facilitation, Personal Support to DD Adult and Children; and Training of DSPs and QSPs.

The mission of the Family Support Network is to unify individuals with disabilities and their families to advocate for funding, services, and community resources that strengthen and support the individual and the family directly by responding to their individual needs and empowering them to live in their own homes. The Family Support Network further seeks to ensure the continuation of all individual supports throughout the life span of the individual.
